

Congressman Bachus welcomes constituents from the Sixth District to Washington, DC and wants all who are visiting to have an enjoyable experience. Our office is happy to assist with requests to tour the White House, the U.S. Capitol, the Library of Congress, and the Bureau of Engraving and Printing. In addition, we can provide information on the many other attractions in our nation's capital.

[You can submit an online tour request here.](#)

White House tours are subject to availability and cannot be guaranteed. Due to high demand and increased security, requests should be made at least 6 months in advance.

A new addition to the U.S. Capitol complex is the Capitol Visitor Center, a 580,000 square foot welcoming center built under the grounds of the east front.
