

WASHINGTON-Congressman Spencer Bachus is pleased to announce that a grant of \$1,974,950 has been approved by the U.S. Department of Transportation for Birmingham International Airport. "I am committed to ensuring that the world class city of Birmingham has a world class airport", Bachus said. "As Birmingham International grows, the increase in activity will have a positive effect on the city economically as travel to and from Birmingham becomes more convenient."

The funds provided under the grant are listed as discretionary, and are provided under the Department of Transportation and Related Agencies Appropriations Act, 2003. Congressman Bachus is the lone member of the Alabama Delegation that sits on the House Committee on Transportation and Infrastructure.
